

VIDEO STREAMING FOR YOUR STARS™

Introducing StarStreamers PPV

Monetize your video with Pay Per View

Pay Per View (PPV) is a streaming solution that requires users of the stream to pay **first**. When payment has been received the stream is then "released" to the user. The StarStreamers Solution provides everything you need to make money streaming through PPV. We set up your links, apply a price YOU set and start streaming to your paying audience.

UNIQUE, TURN-KEY SYSTEM

From start to finish, we provide everything for you. Simply add the Pay-Per-View capability your new or existing StarStreamers account, and you can easily deliver your Pay-Per-View program. Then sit back as your content earns you money

INTEGRATED PAYMENT SYSTEM

StarStreamers PPV solution processes the payments via PayPal, no need for you to have your own merchant account.

LIVE EVENT SUPPORT

StarStreamers PPV solution provides live 'Hover support service' for you To answer questions, and we optionally provide a service to handle your broadcast if desired.

Monetization Options

PAY Pay-per per-View

StarStreamers flexible pay-pay-per-view option allows you to broadcast your event without any up-front costs. StarStreamers charges a fixed amount per viewer. The rest goes to you

You Make All the Money

One low, flat rate is all you pay for your Pay-Per-View program. No matter how much content you make available, or how much income you generate from it, we take nothing additional. You keep all the profits. Flat Rate is even lower if you bundle the StarStreamers PPV Option with the base StarStreamers option.

StarStreamers PPV is now available
